Digital Portfolio   https://mlan225.github.io/portfolio/

My name is Marvin Anderson, and I am a software developer living in Lexington, KY. My technical experience stems from my undergraduate degree at UK, professional work in Lexington, and personal projects to further expand my knowledge. I am very familiar with having to learn and use many different languages and development tools in order to complete my tasks.

Education

University of Kentucky, Lexington, KY 40508.   **Aug 2013 – August 2017**
Major: Information and Communication Technology, Bachelor of Science

**Experience &
References**

Sanders Brown Center on Aging, KY   **July 2020 – Present**
